PowerVolt Group
Declaration of Compliance

8/30/2018

To Our Valued Customers and Distributors:

PowerVolt Group, including PowerVolt, Ensign Corporation and Wabash Transformer, is committed to providing products that are fully compliant with all legal regulations, mandates, agency standards and customer requirements.

We have evaluated our products and declare compliance to latest California Proposition 65 chemicals P65warnings that are considered carcinogenic, may cause birth defects and/or other reproductive harm.

We will continue to monitor Proposition 65 and REACH for newly added chemicals and ensure compliance. Any changes that impact our products' compliance will be available upon request or communicated via our website.

Sincerely,

PowerVolt Group

Ashok Desai
